Year of Passing	2019
Percentage	84%

INTERNSHIPS

VGLUG , March 2024 - May 2025

- I have great experience in working with the this foundation

PROJECTS

Weather app, April 2025 - May 2025

- Create the website application to find the current weather .

In this project I learn to work on with full stack web application development
I use python for backend and flask framework and I use weathernap api integration

Students performance analysis , March 2025 - May 2025

- Developed a data-driven application using Python to analyze students' academic performance.

Collected and processed data to identify trends, strengths, and areas of improvement.

Implemented data visualization techniques (charts, graphs) to present insights clearly.

Applied statistical analysis and Python libraries like Pandas, NumPy, and Matplotlib for data processing and reporting.
